

# Compact Dust Collectors

For use with Aluminum Oxide Powders

## FEATURES

- **Low cost and space-saving**
- **Dual suction inlet for 2 work environments**
- **Easy to clean**

Compact and versatile, our new dust collector is a great accessory for our Airbrasive® Models 6500 and KII. It is extremely easy to clean and maintain and will fit nicely under your work counter or bench. Best of all, it's adaptable to two work environments at once!

It's light enough to be portable for travel and yet durable enough to handle daily use with aluminum oxide, silicon carbide and all of our featured Airbrasive® powders.
